WASHINGTON, D.C. 20505

Deputy Director for National Foreign Assessment

MEMORANDUM FOR: Deputy Director for National Foreign Assessment

FROM:

[REDACTED]
Special Assistant for Nuclear Proliferation
Intelligence

25X1

SUBJECT: Conference Proposal and Request for Approval

1. Proposal. I propose to convene a two-day conference at the [REDACTED] in late June on the topic of the nuclear proliferation intelligence agenda through the 1980s (particulars are contained in the attachment). Policy officials at the level of assistant secretary and below and intelligence analysts and collectors would be invited to attend the conference. The idea is to provide the opportunity for policy people--especially those who are newcomers in their jobs--to concentrate attention on what is being done on the intelligence side, how well, and changes that might be made. We will be trying to build a common understanding of the main issues in planning policy, conducting assessments and directing collection activities. (A similar approach was taken a year ago at a conference [REDACTED] devoted to nuclear security and proliferation-related issues in the Near East and South Asia.)
